

Great news for those who prefer to read books and magazines in an electronic format. Cedar Fort, Inc. and Amazon.com announced that *The Tomb Builder* is now available as an eBook for the hugely popular Kindle.

The Kindle is an amazing electronic reading device that combines the best of several worlds into one very neat and compact device. Capable of storing over 1,500 books in its memory, it allows you to take all your favorite books with you wherever you go. Pretty amazing for a device less than 1/3 of an inch thick. Since the Kindle uses wireless 3G technology, you don't need to be connected to your computer to download a book. And it's fast! The Tomb Builder can be downloaded to your Kindle in less than 60 seconds.
